Join us, and together, let's set sail towards a future filled with boundless horizons, exciting adventures, and rewarding careers.
Fair winds and following seas.*

MR. PRANEET MEHTA

MENTOR'S MESSAGE

TRUST is the most expensive thing in the World and we are here to win your trust. We will work hard everyday with our team such that any student who trusts us, can proudly say that he was guided well, he was given the right platform to learn and yes he outperformed his potential with us. We are not a Coaching Institute but a mentoring institute where a student's overall growth is very important to us. Attitude is above aptitude. If a right attitude is developed at a young age then there is no looking back, such a student will not only get a good rank and get selected in a good shipping company but such a student will perform well on ship as well. SMVDM Academy is doing great and winning the trust of people only because of a great team of a highly trained group of Expert Facilitators and Teachers. For our team it is always STUDENT COMES FIRST. All our actions with our team have just one focus and that is inspiring these young minds who have trusted us. I am overwhelmed by the generosity & support of our Seafarers. The dedication of our staff, and most of all, I am overwhelmed by the perseverance of our students, by their tenacity, their strength, and the devotion we have claimed such good results.

At SMVDM Academy we provide :

- 1. Mentoring for life by MENTOR Praneet Mehta and FOUNDER Vikash Kumar.

WHAT IS ELECTRO-TECHNICAL OFFICER (E.T.O)?

As per Section A-III/6 of the STCW Code Electro-Technical Officer (ETO) is a licensed member of the engine department on board. For the efficient functioning of every electronic element on a merchant navy vessel, an ETO in merchant navy is responsible. Electronic elements range from huge and complex engine room control systems to electronic charts and radars installed on the bridge. ETO is responsible for the generation of power and distribution systems for other systems such as lifts, reefers, and much more. ETO's working range depends upon the type of vessel, they can also be witnessed indulged in cargo operations.

An ETO directly reports to the Chief Engineer and also plays a major role in the senior management team. Unlike other marine engineers onboard, an ETO does not go for any engine room watch. The better functioning of electrical and electronic equipment under the supervision of an ETO accounts for the maximization of operational safety and efficiency of the vessel.

WHY IS ELECTRO-TECHNICAL OFFICER COURSE IMPORTANT ?

Electro Technical Officer is one such post in the merchant navy for which you can apply after graduation from electrical. This profession opens the gates of immense opportunities after electrical engineering. It is prevalent that merchant navy is known for its handsome salaries, opportunities to roam around the world, and engagement with different kinds of people in the world. When we talk about Electro-Technical Officer, it is an officer post in the merchant navy that you can apply for after graduation from electrical. The advantages are huge from handsome salary to career advancement and what not.
